EXTRACURRICULARS AND LEADERSHIP

Member of Computer and Registration in the Villanova Special Olympics Committee that organizes and runs the largest student-run Special Olympics event in the world.
- Created designs for lanyards and credentials through Adobe Illustrator to best fit the theme of the Fall Festival.
- Brainstormed ideas to efficiently and effectively print over 1,500 credentials in an orderly fashion.

Participating in the Villanova in the Valley cohort to expand my knowledge of how companies in the valley operate.

Lived in a Leadership Learning community and attended multiple lectures and discussions of leadership tactics that can be applied socially and professionally.

Member of an Arduino Bot team that modified and programmed an Arduino Bot to "fight" other student-programmed bots on a playing field.
